

## CLAIMS

1. A cell growth-suppressing agent comprising any one of (a) to (c) as an active ingredient:
  - (a) a single-stranded RNA complementary to a transcript of WT1 gene;
  - 5 (b) a DNA encoding the RNA of (a); and
  - (c) a vector carrying the DNA of (b) as an insert.
2. The cell growth-suppressing agent of claim 1, wherein the single-stranded RNA is complementary to the nucleotide sequence of the WT1 gene transcript shown in SEQ ID NO: 1.
- 10 3. The cell growth-suppressing agent of claim 1 or 2, wherein the single-stranded RNA comprises the nucleotide sequence of SEQ ID NO: 2.
4. A cell differentiation-inducing agent or cell death-inducing agent comprising any one of (a) to  
15 (c) as an active ingredient:
  - (a) a double-stranded RNA comprising an RNA complementary to a transcript of WT1 gene and an RNA complementary to the RNA;
  - (b) a DNA encoding the double-stranded RNA of (a); and
  - (c) a vector carrying the DNA of (b) as an insert.
- 20 5. The agent of claim 4, wherein the single-stranded RNA is complementary to the nucleotide sequence of the WT1 gene transcript shown in SEQ ID NO: 1.
6. The agent of claim 4 or 5, wherein the single-stranded RNA comprises the nucleotide  
25 sequence of SEQ ID NO: 2.
